Runners to Be Entered At Washington Park; to Try Out Aeroplanes.

Hotse racing has been added to the Fourth of July program at Washington park to be held July 4 and 5. A running race of half a mile, for a substantial purse domated by the Berger Aviation company will be held on both days of the celebration. Hotses which have raced on the Juarer track have been entered for the events. The list of entries includes lithel Wicks Charlie Fox, Patriotic, Sis Mallory, Charlie G. and Highstreet.

Newspapers in El Paso's trade territory are carrying advertisements of the celebration, and indications are now that the largest crowd of visitors El Paso has ever had on the national holiday will be here. Special inducement in the way of reduced railway rates has been offered by practically every roud in El Paso's territory, with stopover privileges covering both days of the program.

The list of events which will feature the day is the largest ever planned have. It includes a military parade of 2500 troops of all arms, aeroplane riights military maneuvers, drilling by El Maida temple Shrine parol team, athletic events motorcycle racing, horse races, hand concerts, nito racing, a special excursion to the Elephant Butte dam and fireworks. The fireworks display will be held on the night of the 5th at the park, under the management of the city, which has purchased the materials.

Unusually strong winds on the open prairie north of the barracks at Fort Bliss have interfered with the trial aeroplane flights which the Berger aviators planned early in the week. Mr. Berger said Saturday, however, that he is positive the flight will be made into this afternoon. The machine which will fiy on the 4th and 2th is brand new.

Capt. Ben Lear will command the

Capt. Ben Lear will command the cavalry which will maneuver at the cavalry which will maneuver at the park on the 4th and 5th. Troops from the 15th cavalry, commanded by Col. George H. Morran, will participate in the program, as well as other branches of the esyrice.

A number of entrants for the autoraces have said that a 25 mile race is too long for the park track, which is a half mile circle. Managers of the exhibition are planning to shorten the distance.
